First Choice Housing Association, in partnership with Alabaré, is working to provide housing for those who have supported our country and who fall on hard times and face homelessness.

First Choice, in partnership with Alabaré, has developed Wales Homes for Veterans - supported accommodation and move on schemes for veterans in Wales. Veterans face many challenges on leaving the services which can include financial debt, lack of employment opportunities, addiction, mental health problems or relationship breakdowns.

If you are a veteran and require

housing in Flintshire, Wrexham, Ceredigion, Swansea and Cardiff we would like to hear from you.

The diagram below outlines the support pathway for veterans. The map opposite shows the **projected** and **completed** dates for bed spaces in Wales.
