Draft Matters Arising Changes

1. Introduction and explanatory text

The Flintshire Local Development Plan 2015-2030 is presently the subject of Examination in Public. The Council has compiled a draft schedule of Matters Arising Changes primarily as a result of Action Points arising from the Examination Hearing Sessions that have already taken place, and which have been agreed with the Inspector at the end of each session. This document should therefore be read in conjunction with the updated Action Points available on the Examination website.

The Matters Arising Changes also include a number of other changes arising from i) the Council's responses to representations where the Council suggested a revision to the Plan, ii) the agreed Statement of Common Ground with NRW and iii) further revisions referenced in the various Council Hearing Statements. This suite of changes are those which were not specifically discussed at Hearing Sessions but which are considered by the Council to add clarity to the Plan and assist with demonstrating its soundness. The Council sought and secured through the Programme Officer, the agreement of the Inspectors to include these changes within the draft schedule for discussion at the hearing session.

Types of Matters Arising Changes

The Matters Arising Changes fall into three main categories:

1 – Matters Arising Changes (for consultation)

The Matters Arising Changes (MAC's) are the main changes to the Plan. They comprise changes of varying substance which relate to policy wordings, explanatory text and proposals maps which the Council considers necessary to demonstrate the soundness of the LDP. These changes use the prefix 'MAC' and are individually numbered in Plan order.

2 – Inspectors Matters Arising Changes (for consultation)

These are changes to the Plan proposed by the Inspectors in order to make the plan sound. These need to be shown separately as Inspectors Matters Arising Changes (IMACs). They set out the key changes to the Plan in respect of policy STR3B and the Warren Hall site in terms of i) the Inspectors deletion of the housing element i.e. 300 units and ii) other

changes arising from other Action Points relating to Warren Hall (including splitting STR3 into separate policies). These have been presented in one place rather than being split between the IMAC and MAC tables, for ease of reference. These changes use the prefix 'IMAC' and are individually numbered in Plan order.

3 – Minor Editing Changes (for information)

The Minor Editing Changes (mec) are editing changes to the Plan which do not affect the meaning or implementation of a policy. They include editing changes relating to the introduction of PPW11 and the revocation of TAN1. They also include general editing changes to the written statement, particularly the introductory chapters, to explain its redrafting from a Deposit Plan for consultation, to the adopted version of the Plan.

Presentation and Subsequent Consultation

NB: For the purpose of the Hearing Session discussion, the MACs and mecs are presented in a single schedule, in Plan order. This is considered to assist the Inspector tracing from the Action Points through to the schedule of changes, particularly given the number of changes. The IMACs are presented in a separate schedule. However, when the Council undertakes consultation on the changes, it is intended that the MACs and mecs will be split into two separate schedules on the basis that only the MAC's and IMACs are intended to be the subject of consultation, with the mecs being presented for information only.

All the changes are presented in table form with each change having:

- a unique reference number.
- the part of the Deposit Plan to which it relates e.g. policy number / para number / proposals map number.
- the change itself with deleted text presented in ~~striketrough~~ and new text presented in **bold**.
- the reason for the change.
- the source or origin of the change such as the Action Point reference or an Examination document reference

Supporting Documents

The Matters Arising Changes and IMACs will need to be read in conjunction with a series of supporting documents which are:

- amendments to proposals maps in the form of a plan illustrating each change
- a plan showing the Local Housing Market Areas and a set of more detailed plans showing each sub-market area and the wards within each
- a revised Ch13 Monitoring Table
- two illustrative masterplans for the Northern Gateway site
- a revised illustrative masterplan for the Warren Hall site (this is presently being prepared and should be available for the Hearing Session)
- maps showing the revised EN13 Solar Indicative Local Search Areas (these are presently being prepared and should be available for the hearing session)

An Addendum to the Integrated Impact Assessment (IIA) will be made available to accompany the consultation on the Matters Arising Changes and will be available for the hearing session if possible.

Phosphates

The issue of phosphates is addressed in MAC101 which presents a revised version of policy EN15 Water Resources. This references work that has been progressing on a joint basis with Wrexham CBC and respective consultants. The revised policy will need to be read alongside the following documents:

- the Dee Catchment Phosphorous Reduction Strategy (DCPRS)
- a draft Statement of Common Ground with NRW
- a draft Developer Contributions Scheme
- Habitats Regulations Assessment (HRA) Addendum (to be available for the hearing session)

The Council has already outlined its approach to dealing with the matter of phosphates and the need for the Plan to demonstrate no adverse effects in terms of the Habitat Regulations in its letter to the Inspector ([FCC025](#)). The Habitats Regulations Assessment Addendum will conclude that there are no adverse effects subject to the Council meeting

proportionately the relevant requirements for mitigation set out in the Dee Catchment Phosphorous Reduction Strategy, in as much as it relates to the impact from affected development in the Flintshire LDP. The DCPRS presents a range of mitigation measures both for the Council to consider in relation to its direct responsibilities as a responsible authority, as well as wider measures that are outside of the remit of the Council and lie with other responsible bodies in relation to the wider riverine environment. These are linked to a series of delivery milestones designed to ensure that the implementation of suitable mitigation happens in as manner that facilitates the release of development in the Plan. The HRA has also identified the amendments to policy EN15, required to ensure there is a policy 'backstop' to ensure that development can only take place once appropriate mitigation is in place.

In association with this strategy, the Council will refine the list of specific actions and measures that are relevant to the proportional impact of the Flintshire LDP to the SAC, an impact which is far less significant than that for the Wrexham LDP. This will also include the development of supplementary planning guidance following plan adoption, relating to the ways developers can make contributions towards mitigating the impact of phosphates from specific development. The strategy and measures contained within it will be published alongside the matters arising changes to allow any comments to be made. Notwithstanding the above, developers are free to propose their own phosphate mitigation in relation to specific development, for example through the design of suitable SuDs schemes that also incorporate measures for phosphate reduction (such as reed beds for example).

2. Foreword				
mec 004	Foreword	<p>Insert new Foreword to reflect adoption of the Plan.</p> <p>I am very pleased to present this adopted Local Development Plan (LDP) which sets out the planning strategy, policies and proposals for Flintshire for the period up to 2030.</p> <p>This is an important plan for a number of reasons. Whilst clearly fulfilling a statutory duty to meet the requirement for a plan led system in Wales, it is also a response to the vulnerable position Flintshire's communities were placed in by the lack of an adopted development plan, and the pressure for speculative development. The adopted Plan provides certainty both to the residents of Flintshire and also to developers, as it provides the basis for investment decisions in infrastructure, housing and employment and the protection of the environment.</p> <p>I and the Council as a whole, fully recognise the need for new houses and jobs, but this must be done in a balanced, controlled and sustainable manner, in order to ensure that in striving to achieve the aims of the Well-Being Act, this does not happen (as has been experienced in Flintshire) in</p>	To update the written statement	minor editing change

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>a manner that causes harm to communities. In contrast, in developing this Plan the Council has been careful to plan for growth at the right level, in support of a clear sub-regional Growth Vision, and in the most sustainable locations thereby promoting positive placemaking, something that speculative piecemeal development cannot do. The Plan will also now provide the basis to encourage and facilitate economic recovery as we hopefully all continue to see the end in sight for the Covid pandemic.</p> <p>It is my view that in achieving this balance, this Plan represents a sensible, positive and sound expression of the way growth should be planned for in Flintshire. The Plan has been through extensive engagement and consultation throughout its preparation and the Council has had regard to comments and representations along the way. The Plan has been thoroughly examined by an independent Planning Inspector and found to be sound.</p> <p>The Plan now forms part of the statutory development plan for the County within the framework set by the Future Wales National Plan. The Council looks forward to contributing to the remaining part of the statutory development plan framework in Wales, which is a Strategic Development Plan for North Wales, and the challenges that this will present.</p> <p>Cllr Chris Bithell Cabinet Member for Planning and Public Protection</p>		
3. Introduction				
How to view and Comment on the Deposit LDP				
mec 005	3.1	<p>Update the heading and paragraph as follows:</p> <p>How to View and Comment on the Deposit Local Development Plan The Adopted LDP</p> <p>3.1 The Deposit LDP consultation presents an opportunity for all interested parties to read and understand and comment on how the plan's</p>	To update the written statement	minor editing change

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>policies and proposals will help deliver growth over the plan period. Whilst the plan is also broader ranging in its content than just enabling growth, it is ultimately just a land-use plan and not a 'plan for everything', when making comments. For example whilst the Local Health Board have been involved in the plan making process as key stakeholders, it is not the role of the LDP to provide access to health facilities or GPs: that is their role, taking account of the growth the plan makes provision for. The same applies in relation to many other areas of key infrastructure, whether education, drainage, utility supply, highways or environment. The Flintshire LDP was adopted on xx/xx/xx. An Examination of the Plan took place between xx/xx/xx and xx/xx/xx and the binding Inspectors Report received on xx/xx/xx. The adopted LDP now represents the adopted statutory local development plan for the County and should be read alongside Future Wales: The National Plan. The Plan has been prepared in the context of Planning Policy Wales 11 and Development Plans Manual 3.</p>		
mec 006	3.2	<p>Amend para 3.2 as follows: 'When making representations, consideration should be given to whether the The adopted Plan has been found by the Inspectors to meets the tests of soundness which are set out in full below:'</p>	To update the written statement	minor editing change
mec 007	3.3	<p>Delete para 3.3 as follows: 'The easiest and preferred way to view and comment on the plan is via the Local Development Plan online consultation portal which can be accessed via http://www.flintshire.gov.uk/ldp. The portal allows you to view and comment on the plan as you read it, or alternatively you can download pdf versions of the Deposit LDP and all accompanying documents. A 'How to Comment via the Portal' guide has also been produced to help you make the most of the opportunity to comment.'</p>	To update the written statement	minor editing change

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
mec 008	3.4	Delete para 3.4 as follows: ' Paper copies of the consultation documents are available for viewing at all libraries and at County Hall, Mold (main reception), Ty Dewi Sant, Ewloe and Flintshire Connects Centres. There will also be the opportunity to speak to officers at a number of 'drop in' sessions, the details of which are available on the website.'	To update the written statement	minor editing change
mec 009	3.5	Delete para 3.5 as follows: ' A standard consultation response form has also been prepared and is available on request for those unable to access the web portal. Copies are also available at local libraries, drop in sessions, County Hall, Mold and Connects Centres (One form per person requesting).'	To update the written statement	minor editing change
mec 010	3.6	Amend para 3.6 as follows: 'The adopted Plan can be viewed on the website at https://www.flintshire.gov.uk/en/Resident/Planning/Flintshire-Local-Development-Plan.aspx and at Council Offices, Connects Offices and libraries during normal opening hours. Please submit your comments via the online portal. Exceptionally please send completed consultation response forms to: developmentplans@flintshire.gov.uk'	To update the written statement	minor editing Change
mec 011	3.7	Delete para 3.7 as follows: 'Or to: Andrew Farrow, Chief Officer (Planning Environment & Economy), Flintshire County Council, County Hall, Mold, Flintshire. CH7 6NB'	To update the written statement	minor editing change

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
mec 012	3.8	Delete para 3.8 as follows: 'The consultation is open for 6 weeks from Monday 30th September 2019 – Monday 11th November 2019. All comments must be received by 5pm on 11th November as those received afterwards will not be considered.'	To update the written statement	minor editing change
mec 013	3.9	Amend para 3.9 as follows: 'Further guidance or information can be obtained from the Planning Policy helpline 01352 703213 or by emailing developmentplans@flintshire.gov.uk or by visiting Ty Dewi Sant, St. David's Park, Ewloe, CH5 3FF.'	To update the written statement	minor editing change
How Have We Arrived at the Deposit Plan?				
mec 014	3.10	Amend title and paragraph as follows: 'How Have We Arrived at the Deposit Adopted Plan? 3.10 The LDP follows on from the adopted Unitary Development Plan (2000-2015) and covers the period 2015 to 2030. The Council has prepared its deposit adopted LDP in accordance with national Planning Policy and guidance. The plan provides a clear land use planning framework to address issues and opportunities facing Flintshire, aiming to provide certainty for its communities and a sound and consistent basis for making planning decisions.'	To update the written statement	minor editing change
mec 015	3.13	Amend para 3.13 as follows: 'The deposit adopted LDP has also been informed by clear, open and inclusive public and stakeholder engagement undertaken throughout the key stages of plan preparation. The feedback from this engagement has helped define and refine the direction and content of the Plan.'	To update the written statement	minor editing change
mec 016	3.15	Amend para 3.15 as follows:	To update the written statement	minor editing change

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		'The deposit LDP adopted Plan , also contains and adds to the strategic policies already previously developed at the Preferred Strategy stage, providing where appropriate further detail to deal directly with specific matters, as well as identifying proposals for development (allocations) or where land should be protected (designations), all of which are illustrated and annotated on the Proposals Map, to be read alongside relevant policies.'		
mec 017	3.16	Amend para 3.16 as follows: 'The adopted Plan once adopted will be monitored annually and kept under review in order to keep it up to date in relation to changing circumstances and national guidance and policy. An Annual Monitoring Report (AMR) will be produced to measure the effectiveness as the Plan, based on the monitoring framework set out later in the document.'	To update the written statement	minor editing change
How to Use / Navigate and Interpret the Deposit Plan				
mec 018	Para 3.18 Table STR1	In the example 'policy context' table replace PPW10 with 'PPW11'.	Updated PPW reference	AP1.3 minor editing change
mec 019	3.20	Amend para 3.20 as follows: 'The plan policies should be read in conjunction with the Proposals Map, which is overlaid on an Ordnance Survey base map and the County divided into logical tiled geographical areas for ease of reference. The Proposals Map identifies the settlement boundaries, site allocations and area designations described in the associated policies and proposals. Individual policies are clearly referenced to the Proposals Map where relevant. The proposals maps are available in hard copy, in pdf format and in an interactive format. '	To update the written statement	minor editing change
MAC 006	3.21	Amend 7 th bullet point from 'Green Barriers' to 'Green Wedges '	Conformity with PPW11	AP16.1

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
Strategic Context				
MAC 007	3.25 c. Local Context	Following para 3.25, at the end of the 3 rd bullet point under c) 'Local Context' which relates to ' <i>The Deeside Plan (2017)</i> ' add the following text ' The Deeside Plan outlines our vision for how we can build upon economic success in Deeside and ensure that the importance of Deeside within the regional economy increases. Deeside has the raw ingredients for strong, sustainable growth – we need to ensure that the full benefits of these are harnessed. '	To provide further detail on the Deeside Plan.	AP2.1
mec 020	3.25 a.	Replace 'Planning Policy Wales Edition 10 (Dec 2018) with 'Planning Policy Wales Edition 11, February 2021 (PPW11)'.	Updated PPW reference	AP1.3 minor editing change
County Profile / Overview				
mec 021	3.28	The fifth sentence of para 3.28 should refer to ' cross border ' not 'cross broader'.	Typographical error	Minor Change MC3 LDP-KPD- MC1
Key Issues and Drivers for Change				
mec 022	3.30 Table	Add at end of 6 th point ' and the Future Wales: National Plan identifies Wrexham and Deeside as a National Growth Area '	General updating of written statement	minor editing change
MAC 008	3.30 Table	In 11 th point replace 'green barriers' with ' green wedges '	Conformity with PPW11	AP16.1
mec 023	3.33	Add after 'Chester' the words ' and the National Growth Area in the Future Wales: National Plan 2040, '.	General updating of written statement	minor editing change
MAC 009	3.35	In the table following para 3.35 replace 'In Flintshire, we need to plan for' with ' Planning Challenges '.	To add clarity to the purpose of the table	AP2.2

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
Forming the Plan's Strategy from This Context				
mec 024	3.36	Amend the first sentence to read: 'The LDP vision plays an important role in defining the main purpose of the Plan and in doing so, sets the framework against which the Preferred Strategy and subsequent detailed policies are were developed.	General updating of written statement	minor editing change
mec 025	3.37	Amend the first sentence as follows: 'A draft vision supported by strategic objectives have already been were the subject of community and stakeholder engagement and consultation via the Key Messages document in the Spring of 2016, and the feedback received from this has influenced the final vision and objectives presented below.	General updating of written statement	minor editing change
MAC 010	3.38	Amend the LDP Vision in para 3.38 by replacing 'balance which provides for' with ' balance between '. Include 'and natural environment' after 'heritage'. The vision reads as follows: "The LDP is about people and places. It seeks to achieve a sustainable and lasting balance which provides for balance between the economic, social, and environmental needs of Flintshire and its residents, through realising its unique position as a regional gateway and area for economic investment, whilst protecting its strong historic and cultural heritage and natural environment ".	To improve the clarity of the Plan Vision.	AP2.3
mec 026	3.40	Amend the last sentence as follows: 'The objectives will also form part of the basis for monitoring the implementation of the adopted Plan, once adopted and operational. '	General updating of written statement	minor editing change
MAC 011	3.41	In Objective 10 following para 3.41 replace 'Redefine' with ' Repurpose '. The revised Objective reads ' Redefine Repurpose the role and function of Flintshire's town centres as vibrant destinations for shopping, leisure, culture, learning, business and transport.'	To reflect the wording used in the Welsh Government publication	AP2.4

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
			'Building Better Places'.	
MAC 012	3.41	In Objective 11 following para 3.41 add ' full ' before 'range of housing needs'. The revised Objective reads 'Ensuring that Flintshire has the right amount, size, and type of new housing to support economic development and to meet a full range of housing needs'	To ensure that the Plan has the objective of meeting a full range of housing needs.	AP2.5
MAC 013	3.41	In Objective 13 following para 3.41 delete the words 'and enhance'. The revised Objective reads 'Promote and enhance a diverse and sustainable rural economy'	To add clarity to the wording and scope of the Objective.	AP2.6
The Growth Strategy of the Plan				
mec 027	3.44	Update the two references to 'PPW' to ' PPW11 '.	Updated PPW reference	AP1.3 minor editing change
mec 028	3.45	Update the reference to 'PPW' to ' PPW11 '.	Updated PPW reference	AP1.3 minor editing change
mec 029	3.53	Update the reference in the second sentence from PPW to ' PPW11 '.	Updated PPW reference	AP1.3 minor editing change
mec 030	3.53	Delete last sentence and replace with " Paragraph 4.2.11 of PPW11 requires LPA's to prepare a housing trajectory and monitor the delivery of housing through the AMR process in accordance with the guidance set out in Development Plans Manual 3. "	Updated PPW reference	AP1.3 AP7.5 minor editing change
Mec 031	3.54	Replace 'PPW' with ' PPW11 '.	Updated PPW reference	AP1.3

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
				minor editing change
The Preferred Strategy				
MAC 014	3.64	Amend the section heading prior to para 3.64 by deleting 'Preferred' and in the opening wording of para 3.64 delete 'Preferred'. The revised title is 'The Preferred Strategy' The revised opening wording of 3.64 is 'The Plan's Preferred Strategy...'	To more clearly explain that this section of the Plan relates to the actual Plan Strategy.	AP2.7
MAC 015	3.65	Add the title ' Key elements of LDP Strategy ' after paragraph 3.65, before the table.	In order to provide a heading for the table.	AP2.8
MAC 016	3.65 Table	Update the Housing Growth section as follows: <ul style="list-style-type: none"> • Ensuring a housing land supply to provide for 7,950 7870 dwellings to meet an LDP housing requirement of 6,950 dwellings • This equates to an average build rate of 463 dwellings per annum over the Plan period. In comparison, the average annual build rate over the last 10 years has been 420 427, and 573 over the last 5 years. Completions in the first three five years of the Plan period have averaged 563 521 (1,694 2609 in total), showing that the Plan is on track in terms of enabling delivery. • There is capacity for a further 1774 1221 dwellings on sites with planning permission (commitments) which are either under construction or expected to be delivered within 5 years the Plan period.. • Whilst the residual requirement for new sites is 879 855 the Plan has allocated 1874 1775 dwellings on sustainable new sites, providing as a consequence for an overall flexibility of 14.4% 13.2%. This is a generous over-provision and will help ensure the overall deliverability of the Plan's housing requirement 	To reflect updates to Housing Balance Sheet and other Housing Tables.	AP7.7

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
MAC 017	3.65 Table	In the 2 nd bullet point of the spatial strategy section, amend the last sentence as follows: 'The Plan's aim of a 15% 13% flexibility allowance will also help balance this strategic commitment.'	To reflect the updated Housing Balance Sheet.	AP7.7
MAC 018	3.65 Table	In the 'Managing Growth' section replace 'Green barriers (wedges) with 'Green Wedges' .	Conformity with PPW11	AP16.1
MAC 019	3.72	<p>Add the following new paragraphs after paragraph 3.72 and re-number subsequent paragraph:</p> <p>'PPW11 highlights that 'the built and natural environment is a key determinant of health and well-being' (para 3.19). The LDP is important to the health and well-being of Flintshire's residents as it directly shapes the natural and built environment which subsequently influences the social, economic, environmental and cultural factors which impact on health and well-being. The LDP seeks to promote sustainable development which enhances the health and well-being of Flintshire's residents through the creation of new employment opportunities, affordable housing options and the provision of high quality open spaces and green infrastructure. All of these elements combined can positively influence the health and well-being of communities. The LDP will achieve this by ensuring that the right type of developments take place in the most sustainable locations with the necessary infrastructure in place to support the new and existing community. In addition to this, the LDP can protect communities from inappropriate developments that would have a detrimental impact upon the health and well-being of residents.</p> <p>As part of the process of preparing the LDP a Health Impact Assessment (HIA) has been carried out in partnership with Betsi Cadwaladr Public Health Team. A HIA is not a statutory part of plan preparation but can have a positive effect in shaping the strategy and policies within an LDP which reduce health inequalities. The</p>	To explain how the LDP is important to health and well-being.	AP2.12

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		purpose of the HIA is to consult with health and planning professionals on the potential wider impact of the LDP on the health and well-being of Flintshire's population. The HIA process highlighted the importance of the LDP in protecting and promoting the health and well-being of Flintshire's residents and identified areas where the plan can ensure that this is maximized. Overall the HIA highlighted that the promotion of active travel and the accessibility of new development have a significant impact upon health and well-being, in addition the integration of existing communities and the provision of key infrastructure such as education and health centres should also be given very careful consideration. The requirements of Gypsies and Travellers was also identified as a key area for attention that could impact upon health and well-being'.		
MAC 020	3.73	In para 3.73 delete 'Preferred'. The revised wording is 'The Key Diagram below helps to demonstrate the Council's Preferred Strategy'.	To more clearly explain that this section of the Plan relates to the actual Plan Strategy.	AP2.7
MAC 021	3.73/	Add the title ' The Plan Strategy ' to the diagram following para 3.73 on page 36.	To provide a heading for the diagram.	AP2.9
4. Strategic Policies				
MAC 022	Para 4.1 / 4.2	Move paras 4.1 and 4.2 to the beginning of section 5 with a heading 'Introduction – Strategic Policies' to provide a general introduction before each of the 4 groups of strategic policies.	Part of relocation of Section 4 of written statement	AP2.10
MAC 023	Para 4.3 to 4.7	Move paras 4.3 to 4.7 to the end of section 3 with a new heading 'Well-being and Ways of Working'	Part of relocation of	AP2.10

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
			Section 4 of written statement	
MAC 024	Para 4.4	<p>Include the following new paragraph after para 4.4:</p> <p>‘In preparing the Plan the Council has had regard to the Ways of Working and each is considered in turn:</p> <ul style="list-style-type: none"> • Collaboration – throughout the Plan’s preparation the Council has collaborated with a wide variety of stakeholders particularly through the Key Stakeholder Forum who have a shared responsibility and intention to help meet well-being objectives. The Council has worked in a collaborative manner in terms of establishing joint evidence bases (Employment Land Review and Local Housing Market Assessment) and more recently establishing a common approach to viability assessment. Flintshire also provides a Minerals and Waste planning service to North Wales authorities. • Prevention – The Plan has had regard to existing problems and sought to prevent new problems from occurring whether in respect of the economy, the environment, infrastructure and people’s health and well-being. The Plans framework of policies and proposals provide the basis with which to achieve the Well-being goals. • Involvement – In addition to the Key Stakeholder Forum, the Council have also sought to involve a large number of local and specific interest groups, as identified in the appendices to the Delivery Agreement. As the Plan has progressed the emphasis changed from engagement to participation, as explained in detail in the Consultation Report. The additional engagement exercise which comprised the Key Messages document was intended to ensure a firm basis with which to shape the plan’s vision, issues and objectives which acted as a platform for formation of 	To explain how the Council had regard to the 5 Ways of Working as part of the preparation of the Plan.	AP1.2

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>strategic options. The Council has also worked with groups such as Flintshire 50+ Action Group, Flintshire Youth Forum, Public Health Wales and the Gypsy and Traveller Community, amongst others. Town and Community Councils have been closely involved throughout all stages of Plan preparing. This ongoing process of engagement has helped inform and refine the Plan as it has progressed, as explained in the Consultation Report.</p> <ul style="list-style-type: none"> • Long term – Although the Plan is directly concerned with planning for the present Plan period, its preparation has regard to the long term in ensuring that patterns of development are both sustainable and resilient in the long term. • Integration – The preparation of the Plan has sought to draw upon a large number and variety of guidance, plans and strategies at the international, national and local levels, including the Council’s Well-being Plan. The Plan’s strategy, policy and proposals are considered to sit comfortably within this wider context. For instance, each of the strategic policies is referenced to the well-being goals. The preparation of the Plan has been the subject of a continuous process of independent assessment through the Integrated Impact Assessment which itself was re-scoped in order to ensure it incorporated and worked towards achieving the Well-being goals and Ways of Working’.

The comprehensive framework of planning outline permissions supported by applications for discharges of conditions and reserved matters provides the basis for guiding and determining subsequent planning applications on remaining phases of the strategic site.' 	<p>explanation for each site.</p>	<p>Council response FCC019 to INSP010</p>

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		For STR3B Warren Hall the changes are set out in IMAC01.		
		<p>The complete revised policy wording and explanatory text STR3A is as follows:</p> <p>STR3A Strategic Site: Northern Gateway Mixed Use Development Site: Employment, housing, commercial, community facilities: The majority of new development in Flintshire during the Plan period will be provided by a combination of commitments and new sites located in accordance with the sustainable settlement hierarchy. The following key strategic site will make an important contribution to the overall provision for growth in Flintshire over the Plan period:</p> <ul style="list-style-type: none"> i. 1,325 new homes, including affordable ii. 72.4 hectares of B2/B8 employment land iii Commercial development hub adjacent to A550 iv. District Centre(s) to serve local convenience needs v. Strengthened and raised River Dee flood defences vi. Provision of internal road infrastructure vii Provision of land and a contribution to extending Sealand CP School viii Sustainable drainage/flood management solution ix Provision of green infrastructure network x. Sensitive re-use of John Summers Listed buildings and grounds <p>The settlement audit work which underpins the settlement hierarchy reflects the geographic diversity of the County, ranging from larger towns to small rural hamlets. The County is unlike many others in Wales as there is no single settlement which is dominant in terms of size and function. Instead there are several main towns and the urban area of Deeside where a number of settlements are in close proximity to one another. Given the polycentric settlement and development pattern, and as a general rule the lack of suitable new strategic sites, the Council's focus in the Plan is on ensuring that the existing strategic site commitments are fully enabled to deliver development, before considering further strategic scale allocations.</p>		

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>The relative lack of strategic sites, compared to other LDP's in Wales, should not necessarily be seen as a weakness. The experience of other large sites in Wales suggests they can be difficult to get off the ground and are not delivering development as anticipated. This can have a negative effect on securing and maintaining a 5 year housing land supply from adoption onwards despite the purpose and intention of such sites being soundly based. The adjoining LPA's of Wrexham and Cheshire West and Chester (CWAC) both have planned strategic urban extensions delivering the bulk of new housing in Wrexham and as part of the green belt release on the south western edge of Chester. Further afield, Denbighshire also has a large urban extension at Bodelwyddan. The bulk of the 'new allocations' or residual requirement element of the Plan's overall housing provision will therefore be delivered by a range of deliverable housing allocations that are below the scale of strategic sites. This should enable sites to be delivered and ensure a 5 year housing land supply at adoption and through the Plan period.</p> <p>The strategic allocation is a site where the principle of development has been secured through outline planning consents but where it is vital to revisit the site to ensure that it comes forward and contributes to the economic growth of the County and also contribute to meeting its housing needs. The Northern Gateway site is a mixed use strategic site at the heart of the Enterprise Zone. The mix and quantum of development has changed since the allocation in the UDP because the two halves of the site are in separate ownership and are being promoted separately and market demand has changed since the site was first allocated. It is considered that a renewed allocation as part of the LDP is required to re-promote the sites which will result in increased market confidence in the scheme, on the back of considerable public sector infrastructure investment. As part of the framework of planning permissions relating to the site, an approved Masterplan Framework Document, prepared in 2012 sets out agreed parameters and principles for the development of the site.</p> <p>The Northern Gateway site represents a large area of brownfield and under-utilised land adjacent to Deeside Industrial Park and Garden City. The site is located adjacent to the A494 Trunk Road and in close proximity to the Wrexham Bidston and North Wales Coast railways lines. It therefore sits at the heart of a sub-regional economic hub and at the Gateway to Flintshire and Wales. The site forms a key part of the Deeside area, being designated as an Enterprise Zone. The promotion of the site as a mixed use development enhances the sustainability credentials arising from its location.</p>		

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source								
		<p>The mixed use site provides for 1,325 new homes and will include affordable housing. The site benefits from two outline permissions and is a 'commitment' but the 1,325 dwellings will be included as a strategic allocation within the housing balance sheet, rather than as a commitment, in order to avoid double counting. In terms of employment land the site will deliver some 72.4ha of B2 and B8 employment land, which reflects the general nature of employment development in the locality and the fact that B1 high quality employment land is available elsewhere in the County. In order to support the employment and housing development the scheme will provide a commercial hub and district centre adjacent to the A550. Land will also be provided along with a financial contribution to enable the provision of an extension to the existing primary school. Infrastructure investment has taken place by strengthening and raising the River Dee flood defences and internal access roads are also being delivered by Welsh Government. A sustainable drainage and flood management scheme will also be secured as part of the detailed design of the scheme.</p> <p>Policy Context</p> <table border="1" data-bbox="514 797 1755 1398"> <tr> <td data-bbox="514 797 814 1068">LDP Objectives</td> <td data-bbox="821 797 1755 1068"> 8. MAC 034	STR9 6.24	Amend para 6.24 accompanying policy STR9 to read as follows: 'Core Retail Areas (CRA) have previously been used in the UDP to delineate the primary shopping areas where retail development is encouraged and non- A1 development is controlled to ensure the availability of premises for retailing. In recognising the dynamic changing trends in retailing such as increases in home delivery services and internet retailing can impact upon the role of town and other centres, the CRA policy and their associated boundaries have been reviewed to assess whether it is still an effective means of ensuring that a focus of retail uses is retained in key parts of Flintshire's town centres. In order to ensure greater consistency with PPW10 it is proposed that the policy tool be retitled 'Primary Shopping Areas'. The Retail Study identifies that there is only a small need for further comparison retail floorspace (508 sq m net) over the Plan period and a negative need for convenience retail floorspace. Following the expiry of one of the retail commitments in the Retail Study at Saltney retail park, the comparison need has increased to 4028 sq m net. However changes to the retail industry in recent years have made it difficult to predict the most appropriate areas to allocate for retail uses, particularly given the large number of centres within the County. Since there are options for comparison retail sites within the plan area, the council is also working to encouraging appropriate retail uses and the plan has a flexible approach to retail windfall sites it is considered that no retail allocation is needed necessary or appropriate. The implementation of the Plan's retail policies will be	To provide an updated commentary on the need for retail floorspace and the Plan's approach regarding of not allocating sites.	AP6.4

		<p>The availability of housing land will be monitored and maintained over the plan period as part of the Annual Monitoring Report (AMR) process, to ensure a continuous and adequate supply to enable the delivery of the overall housing requirement. This will involve maximizing the delivery of sustainable and viable commitments already within the landbank, balanced against the allocation of sustainable, viable and deliverable new sites.</p> <p>The revised wording of para 7.8 is as follows: 7.8 A home is a vital part of people’s lives as it affects their health and well-being, quality of life and the opportunities open to them. The Welsh Government’s approach, set out in the National Housing Strategy is to: provide more housing of the right type and offer more choice; improve homes and communities, including the energy efficiency of new and existing homes; and improve housing-related services and support, particularly for vulnerable people and people from minority groups. The availability of housing land will be monitored and maintained over the plan period as part of the Annual Monitoring Report (AMR) process, to ensure a continuous and adequate supply to enable the delivery of the overall housing requirement. This will involve maximizing the delivery of sustainable and viable commitments already within the landbank, balanced against the allocation of sustainable, viable and deliverable new sites.</p>

		f. the incorporation of incorporate existing public rights of way as an integral part of the design and layout of the development.		
MAC 057	PC8 para 9.24	<p>In para 9.24 remove capital letters from ‘police’, ‘air ambulance’, ‘military’, ‘military training jets’, ‘private business jets’ or ‘aircraft’.</p> <p>Further revise the explanation to policy PC8 to read:</p> <p>9.24 Airbus currently owns the airport and is the main user. However, other uses include police, air ambulance and military helicopters, military training jets and private business jets, as well as flight training. Alongside Airbus other companies based at Hawarden include Aerocare, Raytheon UK and NWMAS all of whom provide aircraft maintenance facilities on site. Aviation Park Group offer a range of services including Aircraft handling, overnight parking, hangerage and passenger services. There is a need to control the location and scale of development in the vicinity of the flightpaths of aircraft in order to prevent physical obstacles or distraction. A Safeguarding Zone has been identified for Hawarden Airport within which development proposals will be closely scrutinised to ensure that they would not affect the safe and efficient operation of the airport and airfield. Consultation will be carried out with the Civil Aviation Authority.</p> <p><i>9.25 The safeguarding zone for Hawarden Airport is defined on a safeguarding map issued by the Civil Aviation Authority. This defines certain types of development that, by reason of their height, attraction to birds or inclusion of or effect upon aviation activity, require prior consultation with the Airport owner or operator. MAC 071	PE14	Amend the policy wording as follows 'Development proposals within or adjoining the Greenfield Valley, as designated on the proposals map, will be permitted where they do should not detract from the tourism potential of the Valley or harm areas or features of landscape, nature conservation or historic value'.	To clarify that the policy is not promoting development at Greenfield Valley	Revised agreed wording in section 1.11 of NRW SOCG006
MAC 072	PE14	Add at end of policy wording ' Within or adjoining the Greenfield Valley, development must also avoid adverse effects on European Sites. ' The revised policy wording is as follows: Development proposals within or adjoining the Greenfield Valley, as designated on the proposals map, will be permitted where they do should not detract from the tourism potential of the Valley or harm areas or features of landscape, nature conservation or historic value. Within or adjoining the Greenfield Valley, development must also avoid adverse effects on European Sites.'	To strengthen the policy protection in respect of European Sites at Greenfield Valley.	Revised agreed wording in section 1.3 of NRW SOCG006
MAC 073	New policy	Add a new Telecommunications Policy located in the Supporting a Prosperous Economy section under reference PE15: PE15: Telecommunications and Digital Technology Infrastructure Proposals for telecommunications and digital technology infrastructure will be assessed in the context of technical and operational requirements and permitted where: i. The development contributes towards the objectives of future proofing development and regeneration proposals or forms part of the planned development of a wider network; ii. The development incorporates all reasonable measures to minimise any significant adverse impact due to the siting and external appearance of the apparatus, and the design minimises impact caused by its visual appearance;	To ensure conformity with requirements of PPW11	AP6.3

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>iii. There would be no significant adverse effect on natural heritage, the historic environment, or amenity of neighbouring residents; iv. The application is accompanied by evidence of compliance with Government guidelines on health impacts of telecommunications infrastructure.</p> <p>Explanation: Facilitating digital communications is key to Flintshire’s plans to accelerate growth in the County in the context of the Growth Deal which recognizes the need to ‘Upgrade digital networks and infrastructure access the region to support the functionality, competitiveness and growth of the indigenous business sector..’. Modern, fast, affordable and secure telecommunications and future proofed digital connectivity infrastructure can stimulate business innovation, enable high-value economic activity and drive-up productivity. For residents, it can transform their communications, home computing, on-line shopping, entertainment facilities, as well as enable effective home working. The potential benefits that telecommunications and digital communications can offer individuals and organisations are recognised, for example in terms of working from home, which can assist in creating a sustainable future by reducing the need to travel.</p> <p>Telecommunication facilities may have special needs and technical considerations, which require them to be installed in particular locations to work effectively. However in sensitive locations the erection of telecommunication towers and antennae can have a significant adverse effect on the quality of the urban and rural environment. Clear guidance with respect to the development of telecoms infrastructure is contained within section 5.2 of PPW11 and TAN19 Telecommunications, which is not repeated in this policy. Applications for telecoms and digital infrastructure developments</p>		

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		will therefore be assessed against National Planning Policy and Guidance. In accordance with national planning policy, the Council encourages operators to share telecoms masts. Operators will be required to submit evidence that opportunities for mast sharing and alternative sites have been fully explored. Careful siting, design and disguise, including landscaping and screening, can make developments less obtrusive and enable them to blend in with their surroundings.		
11. Development Management Policies – Meeting Housing Needs				
mec 083	HN1 11.2	At end of first sentence of para 11.2 replace 'Joint Housing Land Availability Study' with ' Housing Land Monitoring Statement '.	Editing change – revocation of TAN1	AP7.5 minor editing change

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>At the end of para 11.34 add 'The allocation at Magazine Lane, Ewloe is for the reconfiguration of the existing consented site and will provide for an additional 9 pitches and the allocation at Gwern Lane, Ewloe is for the extension of the site for an additional 4 pitches. In conjunction with the 10 pitches at the Riverside site this will provide for a total of 23 pitches which slightly exceeds the GTAA need of 19 pitches. A transit site for 6 pitches has also been allocated at Castle Park, Flint to meet the identified need for a small transit site'.</p> <p>The revised wording of para 11.34 is: '11.34 On the basis of the need identified in the updated GTAA for permanent pitches, the Council have allocated 3 sites as identified above and as shown on the proposals maps. The Riverside extension proposals will involve a reconfiguration of the existing site (20 pitches) to provide a new layout for 30 pitches i.e. a net increase in 10 pitches. The other two allocations for permanent pitches both seek to extend or remodel existing sites and pitches. Both of which have planning permission and have either been implemented or is being implemented. The updated GTAA was also accompanied by an assessment of Council owned sites for both permanent and transit site(s). An earlier focussed Call for Candidate Sites for gypsy sites and minerals / waste sites was undertaken in August 2017 and whilst sites came forward for the latter none were submitted for the former. It has therefore been necessary and practical to evaluate Council owned land and privately owned land in order to identify sites suitable to meet the identified need. The approach is set out in a Gypsy and Traveller Site Selection Background paper. The allocation at Magazine Lane, Ewloe is for the reconfiguration of the existing consented site and</p>	<p>allocations in terms of meeting the identified need.</p>

MAC 097	EN11	<p>Reword policy EN11 and explanatory text to refer to green wedges as follows:</p> <p>EN11: Green Barriers Wedges The following areas have been designated as green barriers wedges on the proposals map: [insert table] Within the designated green barriers wedges development will only be permitted for:</p> <ul style="list-style-type: none"> a. justified rural enterprise needs; b. essential facilities for outdoor sport and outdoor recreation, cemeteries, and other uses of land which maintain the openness of the green barrier wedge and which do not conflict with the purpose of including land within it; c. limited extension, alteration or replacement of existing dwellings; d. small scale diversification within farm complexes where this is run as part of the farm business; or e. the re-use of buildings provided that: <ul style="list-style-type: none"> i. the original building is substantial, permanent and capable of conversion without major reconstruction; ii. the new use will not have a greater impact on the openness of the green barrier wedge and the purposes of including land within it; and iii. the building is in keeping with its surroundings. <p>Certain other forms of development may be appropriate in the green barrier wedge provided they preserve its openness and do not conflict with the purposes of including land within it. These are: mineral extraction; renewable and low carbon energy generation; engineering operations; and local transport infrastructure.</p>	To ensure the Plan's terminology is consistent with PPW11 in respect of green wedges.	AP16.1

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>Other forms of development would be inappropriate development unless they maintain the openness of the green barrier wedge and do not conflict with the purposes of including land within it.</p> <p>12.40 Green barrier wedge designations are drawn to ensure protection of the openness of key areas of land in strategic or key locations over the Plan period. Whilst there are other policies in the Plan to control development in the countryside, it is considered important to give added protection to some areas via designation as green barriers wedges as they protect key areas of open countryside between and around settlements.</p> <p>12.41 The green barriers designated in the UDP have been the subject of a robust review as to their fitness for purpose, details of which can be found in a Background Paper: Green Barrier Review. The review involved each green barrier being assessed against the criteria within Planning Policy Wales i.e. that the purpose of a green barrier wedge is to:</p> <ul style="list-style-type: none"> • prevent the coalescence of large towns and cities with other settlements; • manage urban form through controlled expansion of urban areas; • assist in safeguarding the countryside from encroachment; • protect the setting of an urban area; and • assist in urban regeneration by encouraging the recycling of derelict and other urban land. <p>12.42 The review has also had regard to whether each existing green barrier has been the subject of previous or current development pressure. Proposals for new green barriers or extensions to existing green barriers which were put forward as part of Candidate Site submissions have also been assessed in the same manner. The objective is to ensure that in each case a green barrier wedge designation is necessary and justifiable</p>		

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>over and above settlement boundary and open countryside policies and fulfils the purpose of green barriers wedges in PPW. The approach to the review and designation of green barriers wedges is in line with guidance with Planning Policy Wales. Although PPW uses the term ‘green wedges’ rather than ‘green barriers’, para 3.60 of PPW10 advises ‘Local planning authorities need to consider establishing Green Belts and making local designations, such as green wedges’. The term green barrier is therefore appropriate and in line with national guidance.</p> <p>12.43 Planning Policy Wales provides specific guidance on the consideration of planning applications within green barrier wedge designated areas. It emphasizes the importance of maintaining the openness of the land, provides a presumption against inappropriate development and outlines the very exceptional circumstances when other considerations outweigh the importance of protecting the openness of the land. Given that PPW provides such clear and detailed advice it is not considered necessary for it to be repeated within this policy. Any proposals for inappropriate development in a green barrier wedge will be treated as a departure from the Plan.</p>

		<p>potential for renewable energy generation. This will help work towards achieving the Welsh Governments targets for Renewable Energy Generation as set out in para 5.7.14 of PPW101 and also contribute to reducing carbon emissions.</p> <p>12.47 In relation to the development of wind farms, the County does not fall within one of the Strategic Search Areas (SSAs) 'Pre-Assessed Areas for Wind Energy' identified by Welsh Government in Future Wales on the basis of substantial empirical research, and considered to be the most appropriate locations with a presumption in favour of large scale for strategic-scale on-shore wind farm development (over 2510MW (megawatts)). The REA has therefore focused on the potential for identifying Indicative Local Search Areas (ILSA) which are suitable to accommodate large scale wind farms of 5MW and above. Having carried out the REA assessment in line with the Welsh Government Toolkit and applying statutory and local constraints, there are no ILSAs for wind farms identified on the proposals map due to the extent of a number of nationally strategic constraints including the NATS Aviation Radar Safeguarding Zone constraint.</p> <p>12.48 In relation to solar, the County has seen in recent years a number of proposals for large-scale solar farm developments. The REA has focused on the potential for identifying ILSAs which are suitable to accommodate solar farms of up to 510MW and above. The REA has adopted the same Toolkit based GIS mapping assessment as for wind. From this assessment, 18 initial ILSAs have been were identified for solar potential which have then been refined via a Landscape Sensitivity Assessment to 11 sites shown in the table below, and are shown on the proposals map. Although the REA has focused on wind and solar as the two primary technologies with the greatest spatial impacts, it will has</p>

MAC 101	EN15	<p>Policy wording of EN15 to be amended as follows: EN15: Water Resources Development affecting water resources will only be permitted if: a. it would not have a significant adverse impact on the capacity and flow of groundwater, surface water, or coastal water systems;</p>	<p>To ensure that the policy includes a specific safeguard in respect of phosphates.</p>	AP1.1 Nutrient Manageme nt Strategy HRA

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>b. it would not pose an unacceptable risk to the quality of groundwater, surface water, or coastal water;</p> <p>c. it would have access to adequate water supply, sewerage and sewage treatment facilities which either already exist, or will be provided in time to serve the development, without detriment to existing abstractions, water quality, fisheries, amenity or nature conservation; and</p> <p>d. there is no adverse effect on the integrity of the River Dee and Bala Lake SAC in particular through the treatment of waste water.</p> <p>To ensure no adverse effect on the integrity of the River Dee and Bala Lake SAC, development creating waste water discharges will be required to demonstrate there is no increase in phosphorus levels in the SAC.</p> <p>This can be achieved through implementation of mitigation measures and associated supplementary planning guidance. Mitigation will involve, either:</p> <ol style="list-style-type: none"> 1. Delivery of measures specified in the Dee Catchment Phosphorus Reduction Strategy (DCPRS), which will require: <ol style="list-style-type: none"> i. Developer contributions/community infrastructure levy funds to deliver measures identified within the DCPRS to reduce phosphorus levels within the catchment. ii. Phasing of development to meet the delivery milestones within the DCPRS, and delaying development if milestones have not been met; <p>OR</p> <ol style="list-style-type: none"> 2. Using alternative mitigation approaches to those mentioned in 1. above. Where further evidence demonstrates that adverse effects on the integrity of the River Dee and Bala Lake SAC can be avoided using alternative mitigation, these must be agreed with the Council, in consultation with Natural Resources Wales. 		

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>The revised explanatory text is as follows:</p> <p>12.56 Developers should contact the Council at an early stage in relation to development proposals which have the potential to adversely affect the flow and/or quality of water to avoid potential delay and/or refusal of a planning application. Developers proposing planning applications should also contact NRW for pre-application advice where appropriate.</p> <p>12.57 Climate change is likely to have a significant impact on Wales' climate with longer periods of warm dry weather with less frequent rainfall but more intense rainfall events. The likelihood of declining rainfall during the summer months is a significant issue and will place greater pressure on existing water supplies, particularly during long dry summers. To ensure security for the future water supply the development plan should consider proposals in light of the existing hydrological system, and future potential changes.</p> <p>12.58 In the first instance all development should seek to connect to the existing mains waste water infrastructure network. Exceptionally, for development where it is not feasible to connect to public waste water treatment works, any such proposals will need to justify why connection is not feasible and demonstrate compliance with Welsh Government Circular 008/2018 and Natural Resources Wales guidance for connections to private treatment works/septic tanks. New development proposals which place pressure on the capacity of the existing water supply and the water and sewerage treatment infrastructure must ensure the necessary infrastructure is in place, or will be provided to serve them within an appropriate AMP programme. The increasing pressure on the infrastructure</p>		

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>and on nature is an important consideration and new development will be expected to demonstrate that adequate consideration is given to the conservation of water resources and the protection of water quality.</p> <p>12.59 In addition to improving waste water infrastructure provision, water quality can be improved through a number of measures including: effective design; the use of wetlands/greenspace for flood alleviation; the use of SuDS; sustainable water use in design; the planting of native species; the removal of invasive non-native species; and good agricultural practice. Some of these measures can be taken forward through the planning system whereby other policies in the Plan work in combination with the protection of water resources policy to contribute to managing the water quality issues.</p> <p>12.60 Additional considerations apply to new development where there is the potential for increases in phosphorus, particularly as a result of waste water discharges, to have an adverse effect on the integrity of the River Dee and Bala Lake Special Area of Conservation (SAC), in line with the Habitats Regulations.</p> <p>12.X1 Increases in flows to mains waste water treatment works can lead to increases in nutrients in watercourses as a result of discharges from the works. This policy seeks to manage waste water discharges arising from new development to ensure compliance with the Habitats Regulations 2017 (as amended) and known waste water treatment works constraints. It applies to the River Dee and Bala Lake SAC including its tributaries.</p> <p>12.X2 In January 2021, Natural Resources Wales (NRW) set new phosphorus standards for riverine Special Areas of Conservation (SACs) with targets 50-80% tighter than previously and gave Local Authorities new</p>		

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>advice. In respect of Flintshire, a compliance test undertaken by NRW found failure to meet these new standards in the River Dee and Bala Lake SAC. The three waste water treatment works which serve the LDP allocations all discharge into the R. Alyn which flows into the Dee. Following advice from NRW, the Council's view is that it would not be appropriate for the LDP to rely on Habitats Regulations Assessments (HRAs) supporting existing phosphorus Permits at waste water treatment works to conclude there would be no adverse effect on the integrity of the River Dee and Bala Lake SAC from LDP development.</p> <p>12.X3 The addendum Habitats Regulations Assessment 2021 which followed the new standards confirmed impacts on water quality as an issue for the River Dee and Bala Lake SAC, and improvements to the management of waste water will be required to ensure no adverse effect on the integrity of the River Dee and Bala Lake SAC and the ability to deliver the scale of growth set out in the LDP is maintained.</p> <p>12.X4 To avoid an adverse effect, Flintshire County Council, Welsh Water and NRW have worked closely together identifying the circumstances in which water discharges and waste water treatment works need to be managed. Consequently the Council will expect developments to connect to existing sewage infrastructure. The waste water treatment works (Mold, Buckley and Hope) serving four of the LDP allocations have phosphorus stripping and a phosphorus Permit limit from NRW for waste water discharges. However, these phosphorus Permit limits were set prior to the new standards and condition report for the River Dee and Bala Lake SAC, and for the purposes of the LDP the HRAs supporting the discharge Permit at the treatment works cannot be relied upon to conclude no adverse effect on site integrity so mitigation would still be required. The remaining housing</p>		

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>allocations are served by waste water treatment works which drain to the tidal sections of the R. Dee. Tidal sections of the SAC have been excluded, as the evidence base underpinning the new targets applies to freshwaters only.</p> <p>12.X5 To facilitate delivery of development which may be affected by this policy, the Council have prepared 'the 'Dee Catchment Phosphorus Reduction Strategy' (DCPRS). The document sets out the strategic approach for delivering phosphorus reductions in the Dee catchment while also facilitating LDP growth and demonstrating that mitigation can be delivered in practice. The document sets out a range of measures, which have been agreed in consultation with NRW. Category 1 measures are for the Council to deliver to comply with the Habitats Regulations and avoid adverse effects from the development provided for within the plan. It also sets out key milestones, responsibility for delivery for the milestones, how development is phased in relation to the milestones, and how constraints to delivery can be addressed. The DCPRS also sets out a range of other Category 2 measures to deliver wider reductions across the catchment the responsibility for delivery of which is outside the scope of the LDP. The DCPRS is a living document that will develop during the lifetime of the LDP, in consultation with NRW.</p> <p>12.X6 The DCPRS details, in a Developer Contribution Scheme (DCS), how measures would be funded, charges calculated and planning obligations / Community Infrastructure Levy used to deliver mitigation measures. When the DCPRS is updated with detailed mitigation measures the DCS will also be updated. Developers may wish to pursue their own approach to mitigation, they are not compelled to use the mitigation</p>		

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<p>provided in the DCS/DCPRS, but these must be agreed with the Council, in consultation with NRW</p> <p>12.X7 The DCPRS will be supported by the establishment of a Nutrient Management Board which will have wider duties with a broader aim to deliver the long term solutions, category 2 measures, to address the issue of excessive phosphorus in rivers, generated from existing activities and land uses in the wider catchment. Potential category 2 measures which might be relied upon to deliver wider benefits and net reductions across the catchment (i.e. over and above the category 1 measures) are included in the DCPRS. These measures are outside the scope of the LDP and planning but are important for a robust approach to reducing phosphorus in the River Dee and Bala Lake SAC.</p> <p>12.X8 Ultimately, development can only be supported where it would not lead to increased phosphorus in the SAC through delivering mitigation, but it may also be necessary to delay development where milestones in the DCPRS have not been met.</p> <p>12.X9 Local water companies are responsible for providing and maintaining waste water treatment works at a standard to meet permitted conditions. Their asset management programmes will set out capital works to ensure compliance with discharge licences. In the future should the discharge Permits for treatment works be updated and such works be required, then it may be necessary to update the DCPRS, the mitigation measures and SPG.</p>

MAC 102	EN23	<p>In criteria e) add after 'minerals' the text ', including Mostyn Docks and Padeswood Cement Works (as shown on the proposals maps),'</p> <p>The revised criteria is as follows: 'essential infrastructure that supports the supply of minerals, including Mostyn Docks and Padeswood Cement Works, (as shown on the proposals maps), would not be compromised or would be provided elsewhere.'</p> <p>Add the following additional explanatory paragraph 'Land is also safeguarded through this policy at two sites which have an important existing or potential role as minerals infrastructure. Padeswood Cement Works has an active rail link and has the potential to distribute minerals. Mostyn Docks has the potential to distribute minerals by either train and / or boat. Both sites have the potential to reduce the number of road based minerals journeys and are therefore safeguarded through the policy as transport hubs for minerals.'</p>	To ensure that potential minerals infrastructure which can sustainably move minerals products, are safeguarded in the Plan.	AP19.1

MAC 103	EN25	Update the table accompanying policy EN25 as follows: <ul style="list-style-type: none"> • Ddol Uchaf Quarry – replace ‘1.4 million’ with ‘900,000’. • Fron Haul Quarry – replace ‘900,000’ with ‘500,000’. 	To update the Plan in respect of two minerals allocations	AP19.5
MAC 104	12.84	The North Wales Regional Technical Statement (RTS second review) and accompanying appendix for North Wales 4th Review has identified a requirement for Flintshire to allocate at least 4.4 3.543 million tonnes of sand and gravel and at least 3.84 35.928 million tonnes of crushed rock. The allocations identified within Policy EN25 are not sufficient to meet the identified need over the Plan Period. In relation to crushed rock, the allocations could each, in isolation, meet the requirement identified in the RTS. The decision to allocate both sites has been made in recognition of the economic importance of these sites to Flintshire and the region and to help support their viability over the longer term. In both cases, the mineral would be extracted over a period beyond the LDP and would release mineral which, although currently consented, is currently unavailable due to the practicalities of removing it. Therefore, the council will work in collaboration with Denbighshire County Council and Wrexham County Borough Councils in order to provide the apportionments identified. A Statement of Sub-Regional Collaboration has been entered into in order to provide certainty that the identified need will be met over the plan period.	To provide an update on the minerals requirement and the approach to meeting it through new allocations and a collaboration with Wrexham and Denbighshire.	AP19.4

13. Monitoring				
MAC 106	Para 13.8	<p>Amend para 13.8 and the accompanying action bullet points as follows:</p> <p>13.8 If trigger points are hit then it will be necessary to investigate the reasons why policies or proposals are not being implemented as intended or objectives not being met. The process of reflection will help determine what action might be necessary to take. Consideration will need to be given to the delivery of all of the indicators collectively, their interrelationship, and the magnitude of any under delivery. It is acknowledged that some indicators may be more significant than others in terms of delivering the Plan's Strategy and this will be reflected in any future actions. The specific actions that might need to be taken will be dependent on the magnitude of any variance. The Monitoring Framework seeks to include sets out the options from for what actions which might be taken, as stated in Development Plans Manual 3. These include:</p> <ul style="list-style-type: none"> • Continue monitoring (if development plan policies are being implemented effectively) • Training required for Officers / Members (if development plan policies are not being implemented as intended and further training is required) • Further supplementary planning guidance required (if development plan policies are not being implemented as intended and further guidance is required) • Policy Review required (if development plan policies are not being implemented and are failing to deliver) 	To provide additional guidance in respect of the monitoring actions as specified in DPM3.	AP20.2

MAC mec Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<ul style="list-style-type: none"> Plan Review required (if development plan policies are not being implemented and the plan's strategy is not being delivered, this could trigger a formal review in advance of the statutory 4- year review).

Appendix 3 d) Trajectory Graph (Excluding Warren Hall housing)

Housing Development Trajectory 2015- 2030

MAC 116	Appendices	Add a new Appendix 4 – ‘Housing Sub Market Areas - renumber ‘16 – Technical Terms and Glossary’ as section 18. See maps in separate document.	To reflect the inclusion of plans of Housing Sub Market Areas within the written statement.	AP13.1
16. Technical Terms and Glossary				
MAC 117	Glossary ‘D’	Under ‘Designation’ replace ‘green barrier’ with ‘green wedge’	Conformity with PPW11	AP16.1
MAC 118	Glossary ‘F’	Include the following new term ‘ Flood Consequences Assessment (FCA) – A detailed assessment to understand the flood risks to and from the development and inform the final design and any mitigation measures required. It should be carried out by a suitably qualified person, for example a flood management consultant. ’.	To explain the meaning of FCA	AP11.1
MAC 119	Glossary ‘G’	Replace ‘Green barrier’ with ‘Green Wedge’	Conformity with PPW11	AP16.1
MAC 120	Glossary ‘H’	Under ‘Housing Land Monitoring Statement’ replace the existing wording with ‘ The monitoring of housing land supply and delivery on a yearly basis as part of the Annual Monitoring Framework. ’.	Editing change – revocation of TAN1	AP7.5
mec 098	Glossary ‘J’	Delete term ‘Joint Housing Land Availability Study (JHLAS)’ and the associated explanation.	Editing change – revocation of TAN1	AP7.5
mec 099	Glossary ‘L’	Under ‘large site’ amend the explanation to ‘ Housing sites of 10 or more units in the context of the Housing Land Monitoring Statement. ’	Editing change – revocation of TAN1	AP7.5
mec 100	Glossary ‘S’	Under ‘small site’ amend the explanation to ‘ Housing sites of 9 or less units in the context of the Housing Land Monitoring Statement. ’	Editing change – revocation of TAN1	AP7.5
MAC 121	Glossary ‘S’	Include the following new term ‘ Strategic Flood Consequences Assessment (SFCA) – a higher level, more strategic assessment of flood risk to identify areas at risk of flooding, and inform the	To explain the meaning of SFCA	AP11.1

		preparation of a development plan and the objective of steering development away from areas of flood risk’.		
Proposals Maps				
MAC 122	Proposals Maps Index	Replace all references to ‘green barrier’ to ‘green wedge’	Conformity with PPW11	AP16.1
MAC 123	Proposals Map	An A4 map with simple diagrammatic representation of what is shown on each inset proposals map to be i) inserted into wallet of hard copy maps ii) added to website along the pdf proposals maps. See Map1.	To provide an easy reference map to explain which proposals map sheet covers particular parts of the County or settlement insets.	AP2.11
MAC 124	Proposals Map 02 Front	The John Summers listed buildings and associated land are erroneously shown on the proposals map as being outside the STR3A Northern Gateway Strategic Site boundary and within the Deeside Industrial Park PE2 Principal Employment Area notation. The Plan should be amended by: <ul style="list-style-type: none"> • Including the site within the STR3A notation • Drawing back the PE2 notation to exclude the site. See Map 2.	To correct a cartographic error	Council Response to Rep id 888
MAC 125	Proposals Map 02 Front	On Proposals Map 02 Front exclude land between Bannel Lane and Chester Rd from the settlement boundary (PC1) of Buckley. See Map 3	To ensure consistency with Proposals Map 03 Back and the Interactive Proposals Map which correctly show the site outside the settlement boundary (see	AP16.3

			plan in Appendix X).	
MAC 126	Proposals Map 02 Front	Protected route for Red Route shown for PC10.1 on proposals maps (02 Front and Interactive Map) to be amended as per the line shown in LDP-EBD-TR1.1PC10.1 . See Map 4.	To fully reflect the line within the Welsh Government Direction	AP16.2
MAC 127	Proposals Map 02 Front	Delete the employment allocation - PE1.4 Greenfield Business Park Phase II. See Map 5	To reflect the deletion of this allocation regarding flood risk	AP18.1
MAC 128	Proposals Map Front	Delete the employment allocation - PE1.5 Greenfield Business Park Phase III. See Map 6	To reflect the deletion of this allocation regarding flood risk	AP18.1
MAC 129	Proposals Map 03 Back	Delete the employment allocation - PE1.6 Broncoed Industrial Estate. See Map 7	To reflect the deletion of this allocation regarding flood risk	AP18.1
MAC 130	Proposals Map 01 Front	Delete the employment allocation - PE1.8 Adjacent Mostyn Docks. See Map 8	To reflect the deletion of this allocation regarding flood risk	AP18.1
MAC 131	Proposals Map 02 Front	Delete the employment allocation - PE1.10 Antelope Industrial Estate. See Map 9	To reflect the deletion of this allocation regarding flood risk	AP18.1
MAC 132	Proposals Map 02 Back	Delete the employment allocation - PE1.12 Rowley's Drive. See Map 10	To reflect the deletion of this allocation	AP18.1

			regarding flood risk	
MAC 133	Proposals Map 01 Back, O1 Front and 02 Front	Amend the notation for the Greenfield Valley from PE15 to PE14. See Map 11	Cartographic error	Minor Change MC4 LDP-KPD-MC1
MAC 134	Proposals Map 01 Back	Minor amendment to the Flint Inset Map by ensuring that the boundary of Housing Allocation HN1.4 Northop Rd, Flint follows the updated C2 flood risk boundary along Swinchiard Brook. See Map 12.	To ensure that the boundary of the housing allocation follows the flood risk boundary	Agreed map in Appendix 6 of the NRW SOCG006
MAC 135	Proposals Map 02 Front	Delete from the proposals map the HN8.1 extension allocation at Magazine Lane, Ewloe and replace with allocation on the existing permitted site. Delete the green barrier notation for the existing site. See Map 13	To reflect the updated proposals for the allocation	AP14.4
MAC 136	Proposals Map 03 Back	Amend the Mold proposals map to relocate part of green space (EN2.131 – Maes Gwern). See Map 14	To reflect the planning permission to extend the Smurfitt Kappa industrial unit (060770)	AP15.4
MAC 137	Proposals Map	Extend the green space designation EN2.127 at Mold Cemetery to include all of the cemetery and merge with EN2.125 and EN2.126 to create a comprehensive set of greenspace designations. See Map 15	To recognize the green space value of the existing cemetery alongside other green spaces.	Council Hearing Statement M15.01 para g1/g2
MAC 138	Proposals Maps Various	Delete the following EN13 Solar Indicative Local Search Areas from the proposals maps: Buckley 1 (North of Buckley Mountain) Drury and Burntwood	To recognize the amended capacity resulting from	Council Hearing Statement 17.01 and

		<p>HCAC (North East) Llanfynydd North Northop (North East) Penyffordd & Penymynydd (West) Rhosesmor</p> <p>Renumber the remaining search areas as per the schedule inserted into policy EN13 under MAC98.</p>	<p>the ILSAs following completion of a Landscape Sensitivity Assessment and to comply with the scale of solar development that the local policies can deal with, below the threshold for DNS</p>	<p>amended policy EN13 presented to the Matter 17 session</p>
MAC 139		Deletion of EN13 Solar allocation at Crumps Yard, Connah's Quay. See Map 17	The solar farm has planning permission	AP17.2
MAC 140		Deletion of EN13 Solar allocation at Castle Park, Flint. See Map 18	The solar farm has planning permission.	AP17.2
MAC 141	Proposals Map 01 Front	Add EN23 Minerals Safeguarding new symbol notation at Mostyn Docks. See Map 19	To ensure that potential minerals infrastructure which can sustainably move minerals products, are safeguarded in the Plan.	AP19.1
MAC 142	Proposals Map 02 Front	Add EN23 Minerals Safeguarding new symbol notation at Padeswood Cement Works. See Map 20.	To ensure that potential minerals infrastructure	AP19.1

			which can sustainably move minerals products, are safeguarded in the Plan.

2 - Inspectors Matters Arising Changes (IMAC)

IMAC Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
STR3B Warren Hall Strategic Site				
IMAC 001	STR3B Warren Hall	Deletion of housing element (300 units) from the strategic site. This leads to a number of consequential changes to the Plan as set out in the IMACs below (including those also arising from other Action Points to the policy):	To reflect the Inspectors concerns that the site is not in a suitable location for housing development.	Inspector Letter INSP014
IMAC 001.1	STR3B Policy Title	Amend title of STR3B by deleting 'Mixed Use and 'and housing'. The policy title reads 'STR3B Warren Hall Mixed-Use Development Site: Employment and Housing '.	To reflect the deletion of housing element	INSP014
IMAC 001.2	STR3B Policy Wording	In second sentence of opening part of policy wording replace 'Two' with ' The following ' and replace 'sites' with ' site '.	To reflect the splitting policy STR3 into two policies	INSP014 AP3.2
IMAC 01.3	STR3B	Retain policy wording relating to STR3B Warren Hall from subdivision of original policy STR3 under MAC031	To reflect the splitting policy STR3 into two policies	AP3.2
IMAC 01.4	STR3B Policy criteria	Delete criteria i) '300 new homes, including affordable' and renumber subsequent criteria	To reflect the deletion of housing element and splitting policy STR3 into two policies	INSP014

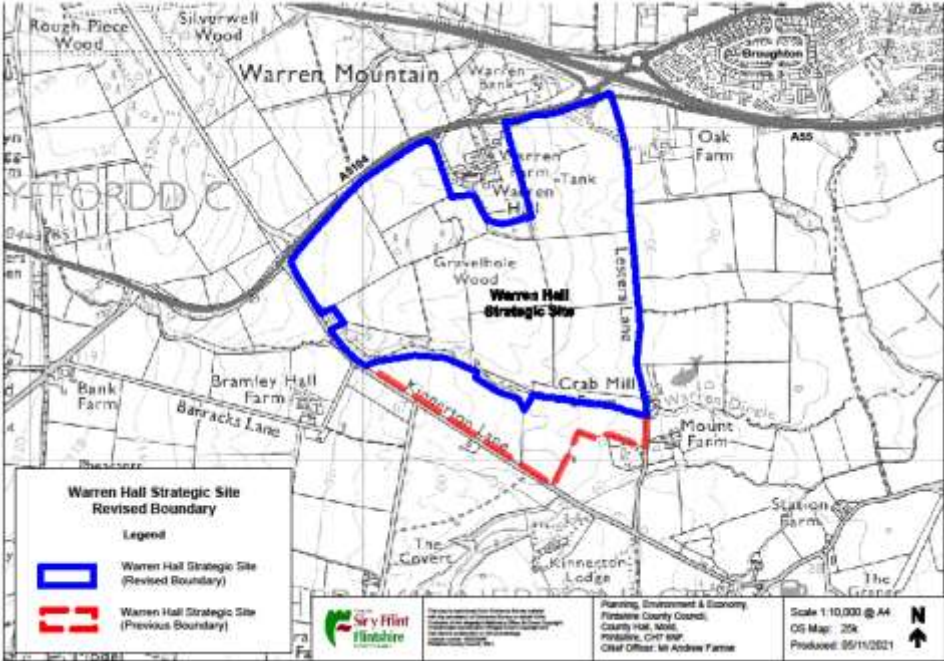

IMAC Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
IMAC 01.5	STR3B Policy criteria	Amend criteria ii to read ' 22.7 19.1 ha of B1 and high quality B2 employment land'	To reflect the updating of employment element of site as a result of aerodrome safeguarding considerations and height of development.	AP3.2 AP3b.1 Council response FCC019 to INSP010
IMAC 01.6	STR3B Policy criteria	Amend criteria iii to read ' 1.3ha commercial hub involving comprising hotel, / leisure, local centre and retail and local convenience shop, with high quality public realm as a focal point for the development '	To add clarity to the uses within and role of the commercial hub.	AP3.2 AP3b.3
IMAC 01.7	STR3B Policy criteria	Amend criteria iv to read 'Strategic landscaping and multi-functional green infrastructure network'	To add clarity to the role of green infrastructure within the site.	AP3.2 Council response FCC019 to INSP010
IMAC 01.8	STR3B Policy criteria	Amend criteria v as follows 'Sustainable transport links within the site in terms of walking and cycling and provision for bus service and links with nearby settlements and a link with the section of the Mold – Deeside Active Travel route between Penynydd and Broughton...'	To add clarity to the sustainable transport provisions	AP3.2 Council response FCC019 to INSP010
IMAC 01.9	STR3B Policy criteria	Include a new criteria 'safeguarding built heritage assets within and adjoining the site'	To highlight the need to safeguard heritage assets	AP3.2 Council response

IMAC Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
				FCC019 to INSP010
IMAC 01.10	STR3B Policy criteria	Include a new criteria ' ecological avoidance and mitigation measures '	To highlight the need for ecological measures.	AP3.2 Council response FCC019 to INSP010
IMAC 01.11	STR3B Policy criteria	Include a new criteria ' employment development not to exceed 12m in height '	To add clarity to the height of employment development having regard to aerodrome safeguarding considerations.	AP3.2 Council response FCC019 to INSP010
IMAC 01.12	STR3B Policy criteria	Include a new criteria ' Appropriately designed SuDs, landscaping, waste management and lighting as part of a scheme of aerodrome safeguarding measures '	To highlight the need for appropriate aerodrome safeguarding measures.	AP3.2 Council response FCC019 to INSP010
IMAC 01.13	Para 5.17	Delete para 5.17	To reflect the deletion of housing element and splitting policy STR3 into two policies	AP3.2
IMAC 01.14	Para 5.18	Delete para 5.18	To reflect the deletion of	AP3.2

IMAC Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
			housing element and splitting policy STR3 into two policies	
IMAC 01.15	Para 5.19	In para 5.19 delete the text 'The Northern Gateway infrastructure investment' and incorporate the wording from para 5.20.	To reflect the deletion of housing element and splitting policy STR3 into two policies	AP3.2
IMAC 01.16	Para 5.19	Amend para 5.19 as follows: <ul style="list-style-type: none"> • Replace 'The two strategic allocations are both sites' with 'This strategic allocation is a site' • Replace 'has been secured through outline planning consents' with 'has previously been secured through planning consents' • Replace 'but where it is vital to revisit both sites in different ways' with 'but where it is vital to revisit the site' • Replace 'to ensure they come forward' with 'it comes forward' • In second sentence add after 'has' the word 'previously'. 	To reflect the deletion of housing element and splitting policy STR3 into two policies	AP3.2
IMAC 01.17	Para 5.20	Delete last sentence 'In order to improve the viability and deliverability of the development, the site is being re-presented as an allocation for mixed use development comprising employment, housing and commercial hub as well as an extension to the site area.'	To reflect the deletion of housing element	INSP014
IMAC 01.18	Para 5.21	Delete para 5.21	To reflect the deletion of housing element and splitting policy STR3 into two policies	AP3.2

IMAC Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
IMAC 01.19	Para 5.22	Delete para 5.22	To reflect the deletion of housing element and splitting policy STR3 into two policies	AP3.2
IMAC 01.20	Para 5.23	Amend para 5.23 as follows: <ul style="list-style-type: none"> In third sentence redraft 'As part of this allocation the mix of land uses has been amended and site area extended to 74 63ha to also include housing development and a broader range of supporting uses including convenience retail as part of a commercial hub. Delete the fourth sentence 'The mixed use element will improve the viability and deliverability of the site'. 	To reflect the deletion of housing element	INSP014 AP3.2
IMAC 01.21	Para 5.24	Reword para 5.24 and add a reference to the preparation of a Supplementary Planning Guidance Note so as to read 'The Warren Hall strategic site provides a unique opportunity to embody placemaking principles in creating a large scale, high quality mixed-use development. The Council will, after the adoption of the Plan prepare a Supplementary Planning Guidance Note to provide further details to guide the formulation of detailed development proposals '. Renumber paragraphs accordingly.	To reflect the deletion of housing element and splitting policy STR3 into two policies	AP3b.1
IMAC 01.22	Policy Explanation	Include an amended Masterplan as part of the reasoned justification to the policy.	To reflect the deletion of housing element and splitting policy STR3 into two policies	INSP014 AP3.2 AP3b.1

IMAC Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
IMAC 01.23	Policy Context Table	In 'LDP Objectives' delete 'objective 8'	To reflect the deletion of housing element	INSP014
IMAC 01.24	Policy context Table	In 'Key Evidence' delete 'Topic Paper 10'	To reflect the deletion of housing element	INSP014
IMAC 01.25	Policy Context Table	In 'Key Evidence' delete "Northern Gateway Masterplan and Delivery Statement" in the Policy Context Table'	To reflect the splitting policy STR3 into two policies	INSP014 AP3.2
IMAC 01.26	STR11 / 7.11 Housing Balance Sheet	In Housing Balance Sheet: <ul style="list-style-type: none"> • amend 'Less LDP Strategic Allocations' to read 'Less LDP Strategic Allocation' • amend the 'Notes' section by deleting reference to 300 units at Warren Hall. [For amended Housing Balance Sheet see MAC038]	To reflect the deletion of housing element	INSP014 AP3b.2
IMAC 01.27	Ch13 Monitoring Table	Remove Monitoring Indicator MI16 relating to Warren Hall and re-number subsequent Monitoring Indicators.	To ensure the Monitoring Table reflects changes to the Plan.	AP20.1 INSP014
IMAC 01.28	Proposals Maps	Amend Proposals Map 02 Front and Proposals Map 03 Front by drawing back the strategic site boundary to exclude the housing element. See map below:	To reflect the deletion of housing element	INSP014

IMAC Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
				
		<p>The revised policy wording and explanatory text for STR3B is as follows:</p> <p>STR3B Strategic Site Warren Hall: Mixed Use Development Site: Employment and housing:</p> <p>The majority of new development in Flintshire during the Plan period will be provided by a combination of commitments and new sites located in accordance with the sustainable settlement hierarchy. The following key strategic site will make an important contribution to the overall provision for growth in Flintshire over the Plan period:</p>		

IMAC Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source
		<ul style="list-style-type: none"> i. 19.1ha of B1 and high quality B2 employment land ii. 1.3ha commercial hub comprising hotel / leisure and local convenience shop, with high quality public realm as a focal point for the development iii. Strategic landscaping and multi-functional green infrastructure network iv. Sustainable transport links within the site in terms of walking and cycling and provision for bus service and links with nearby settlements and a link with the section of the Mold – Deeside Active Travel route between Penynydd and Broughton v. safeguarding built heritage assets within and adjoining the site vi. ecological avoidance and mitigation measures vii. Employment development not to exceed 12m in height viii. Appropriately designed SuDs, landscaping, waste management and lighting as part of a scheme of aerodrome safeguarding measures. <p>Explanation</p> <p>The strategic allocation is a site where the principle of development has previously been secured through planning consents but where it is vital to revisit the site to ensure that it comes forward and contributes to the economic growth of the County and also contribute to meeting its housing needs. The Warren Hall site has had planning permission for a business park for a number of years and has seen considerable public sector investment comprising junction improvements at the interchange of the A5104 and A55(T). The delivery of the site has been held up by the effects of the global recession and also the availability of sites elsewhere. However, the site is in a strategic location and is important in contributing economic growth over the Plan period.</p> <p>The Warren Hall site is located on the south side of the A55(T) and Broughton and is located on the south side of the A5104 which runs</p>		

IMAC Ref	Policy / Para	Matters Arising Change	Reason	Action Point or Other Source								
		<p>between Chester and Penyffordd / Penymynydd. The site presently has outline planning consent for a 76,395 sqm business park comprising of B1 units as well as a hotel and leisure facilities. As part of this allocation the mix of land uses has been amended and site area extended to 63ha to include a broader range of supporting uses including convenience retail as part of a commercial hub. The employment element will still comprise B1 development and will need to be of high quality in terms of siting, form, design and materials which respects the setting of the site.</p> <p>The Warren Hall strategic site provides a unique opportunity to embody placemaking principles in creating a large scale, high quality development. The Council will, after the adoption of the Plan prepare a Supplementary Planning Guidance Note to provide further details to guide the formulation of detailed development proposals.</p> <p>Policy Context</p> <table border="1" data-bbox="514 865 1486 1373"> <tr> <td data-bbox="514 865 814 1101">LDP Objectives</td> <td data-bbox="814 865 1486 1101"> 8.
