STATEMENT OF REASONS FOR PROPOSING TO MAKE THE ORDER

Following a successful bid to Welsh Government, Flintshire County Council have been successful in obtaining funding to implement substantial safety measures (for which the 20mph Speed Limit forms part of) to address congestion and reduce unnecessary vehicle movements experienced along the roads as listed above. Other such measures include new signalised Toucan crossing facilities and improved walking & cycling provisions.

The proposed 20mph Speed Limit on Church Street, Feather Street and Market Square / Y Farchnad, Flint will improve safety for pedestrians, cyclists and vulnerable road users.

It is considered that the Speed Limit Order would, by reducing vehicle speeds to more appropriate levels, secure the expeditious, convenient and safe movement of vehicular and other traffic, including vulnerable road users and would improve the amenities of the locality.

The County Council continues its responsibility to consider the provision of convenient and safe movement of motor vehicles and other traffic, and the proposed measure is aimed at ensuring that danger is minimised whilst facilitating the effective and safe passage of traffic.

The proposals are detailed in the Public Notice and are contained in the proposed Draft Order.
